

# Traffic Sign Retroreflective Sheeting Identification Guide

Example Of Sheeting			
ASTM D4956-04	I	III, IV, X	(5)
ASTM D4956-13	I	III, IV	XI
AASHTO M268-13	(1)	B	D
Manufacturer	3M™	3M™	3M™
Brand Name	Engineer Grade	High Intensity	Diamond Grade™ DG3
Series	3290	3930	4090
NOTES:	(2) (8)		

- 1) Sheeting material does not meet minimum AASHTO classification criteria.
- 2) Glass Bead Engineer Grade sheeting is uniform without any patterns or identifying marks.
- 5) Material was either unavailable in 2005 (previous version of this Guide) or unassigned in the 2004 version of ASTM D4956.
- 8) Section 2A.08 of the 2009 MUTCD (<http://mutcd.fhwa.dot.gov>) does not allow this sheeting type to be used for new yellow or orange signs, or new legends on green signs.
